*The firm MANIFATTURE TESSILI ALMA was founded in 1978 by Francesco Di Benedetto.*

*During its 44 years long history, it has grown up from a small family business in the south of Italy, to a well known company, not only within the national boundaries, but also abroad.*

*According the traditions, since 2004 the company is led by the founder's son, Massimiliano Di Benedetto.*

*The company has always been using only the best quality fabrics and embroideries for the production of its own creations.*

*The company MANIFATTURE TESSILI ALMA skillfully combines the best of Italian manufacturing tradition and the latest technology to create high-quality products for the home that will satisfy the most demanding customer.*

*Since 1978 the brand  represents in Italy a permanent presence in the manufactory field.*
